President's Message

Hello Everyone,

Summer is close at hand...the temperatures are rising. Vacations are being planned. We have our End of Season BBQ, June 24, please let Pat Green know if you are planning on attending, it should be a great time for everyone to catch up and share good times. We will be swearing in the new officers and thanking and acknowledging our members and volunteers who give to this organization throughout the year. Hope you are able to attend. Wine will be provided this year!!!

A big thank you to Pat Green for planning our last gathering at Coco Cabana, the food was great and we all had a great time, a nice group. There will be more get togethers coming this summer, hope to see you there.

A REMINDER that our end of season BBQ will take the place of our regular meeting for June, so there will NOT be a Wednesday general meeting this month. We will resume in July with more BBQ meetings.

We had a nice turn out at the Empty Bowls event for the Alameda County Food Bank last month. We will be scheduling another work day at the food bank later this summer. Also, if you have any sundry items such as shampoos, soaps, etc. for the April Showers Charity Karen W. is still collecting these items at the meetings to give to the charity.

The FWSA convention is coming up this month in Boise, Idaho, June 7-10, we will share information when we return from the meeting. It is a small but mighty group attending this year, should be a great convention they have worked hard on it.

Well, we will have some special guests and speakers joining us this year and will keep you posted as they are confirmed. If you have any suggestions please let me know.

See you all at our upcoming meetings and events. Have a wonderful summer and be safe.

Enjoy, Claudia

Claudia Fernandes
President

Our Vice President

June has arrived and we have the summer before us. School is out or will be soon, graduations, weddings, vacations, get togethers with family and friends, BBQ's, trips to the beach, and my favorite warmer weather, is your calendar filling up? That said, the ski gear is packed away and the shorts and sandals are the new gear.

The 85th Annual FWSA Convention in Boise, Idaho is upon us, June 7-11, 2017. I look forward to hearing all about it, family obligations have kept me from attending.

The 12th Annual BAC Barbeque/Tailgate and Oakland A's Baseball Game with Fireworks is Aug. 12, 2017. Game ticket price is \$36. Norm Azevedo is handling tickets. A PayPal link will be put on the BAC website for the BBQ. Proceeds will benefit the Dodge Ridge Disabilities, a Chapter of DSUSA.

Our BAC International Travel Director Debbie Stewart has announced an exciting trip for next year's **2018 International Ski Week trip to Les Trois Vallees/Bride les Bains (March 4-11) and extensions to Lyon, Beaune and Paris (March 11-18).**

Thanks Pat and Dan Green for hosting our End of Season BBQ June 24, 2017, it will be a fun time.

Until next month, don't forget your sunscreen, and get outdoors.

Anne

Anne Wilburn
Vice President

Rattlesnake Fact Sheet

Awareness

There are several species of rattlesnakes common to California, but the Northern Pacific Rattlesnake is the most prevalent in the District's service area. The physical appearance of each snake is variable, but some general principles in distinguishing rattlesnakes are:

- Broad, triangular head with a noticeable "neck" behind the head.
- A rattle located at the tip of the tail. The rattle is used as a warning device when they are threatened.
- Vertical pupils (non-poisonous snakes have round pupils) though hopefully you would not be close enough to notice this!

Rattlesnakes can be found in rural areas, as well as suburban areas where there is sufficient natural habitat. In Northern California snakes will hibernate during cold months and are active March through September.

Several rattlesnake sightings, including discovery of a nest of juveniles, have been reported this month throughout the District. Take special vigilance when entering into a vault

Prevention

If the rattlesnake is not cornered or imminently threatened, it will usually attempt to flee. Bites are often the result of a snake being startled or provoked, and the victim's underestimation of the range (roughly two-thirds of its total length) and speed (literally faster than the human eye can follow) with which a coiled snake can strike.

Avoid contact with rattlesnakes by remaining observant and not approaching the animals. Be particularly careful when working around fallen logs or boulders, and when near rocky outcroppings and ledges where rattlesnakes may be hiding or sunning themselves. Snakes will also occasionally sun themselves in the middle of a trail. If you do encounter a rattlesnake on a trail, keep your distance and allow the snake room to retreat.

Heavy boots and long pants reinforced with leather or canvas are recommended for hikers in areas known to harbor rattlesnakes.

Treatment

Get to a hospital as soon as possible. In the meantime, these first aid steps can be taken:

- Wash the bite with soap and water.
- Immobilize the bitten area and keep it lower than the heart.
- A suction device may be placed over the bite to help draw venom out of the wound. Snake bite suction instruments are available through the Central Warehouse (Stores Code #063449).

Antivenin treatment is typically used to block the tissue destruction, nerve damage, and blood-clotting disorders caused by rattlesnake venom. Keep snake bite victim calm to avoid elevating their heart rate and accelerating the circulation of venom within the body. Do not attempt to make incisions at or around bite sites, apply ice, or use tourniquets, as this could be more destructive than the venom itself.

Reporting & Relocation

All rattlesnake sightings should be reported immediately to your supervisor so that other workers in the area can be informed. In the event that a rattlesnake is discovered in an area that it needs to be removed from (a valve pit, a basement storage area, etc.), please contact the local District Rangers in that area.

Do not pickup or tap the snake.

CUBA – This trip is full and we are running a wait list. We have 36 going. Nothing has changed as far as the situation there.

NCL Cruise after the Cuba trip. Oct. 28-Nov. 4th, 2017
8 of us will be jumping on a cruise ship out of Miami after the Cuba Trip

SOUTH AMERICA CRUISE – We still may be able to get you on this trip.

CVSC BEAVER CREEK TRIP – Feb. 10-17, 2018. We have 8 condos that are now full. We can always try and get another one if we have more interest.

MOROCCO – the Morocco Trip will start on MAY 1st, 2018. We will ALL be flying out of LAX. due to the problematic flight schedule from SFO. Air schedule will be available in the next 2 weeks.

ICELAND SUMMER 2018 - It looks like we may be flying from LAX & SFO so that's good news. Of course it's too early to book the air but we will keep you updated. We are also waiting for confirmation from the hotels, we have requested end of July or early Aug. I will send exact dates as soon as we receive them. **One spot for a female**
